

APE 3 is RCH's latest Android-powered solution. This all-in-one POS system features a compact and space-saving design, incorporating a high-quality thermal printer with 8 dots per mm resolution. The 10-inch touchscreen with In-Plane Switching (IPS) LCD technology provides operators with high-definition images, uniform brightness, and wide viewing angles.

The rear interface includes a 4-inch color screen and an autofocus camera. The customer-facing screen allows for the display of sales cart with item details.

The APE 3 POS terminal runs on Android 13 and can be integrated with RCH management software and applications. It offers easy updates through mobile device management features.
